

Kudos and Careerscape training course

Aim:

By the end of the training session, trainees will understand and be able to demonstrate how Kudos and Careerscape can be used with young people to meet the key principles of career-related learning at Key Stage 4 and in post-16 learning.

Objectives:

This aim will be achieved by:

- Working through all features of Kudos and Careerscape
- Discussing ideas and recommendations with other trainees, and the tutor, about using Kudos and Careerscape with individual and groups of young people
- Exploring how user information can be managed
- Considering which program to use, in which situations, with which young people
- Understanding the free materials available which support Kudos and Careerscape and how these can help to meet the key principles.
