

Launchpad training course

Aim:

By the end of the training session, trainees will understand and be able to demonstrate how Launchpad can be used with young people to meet the key principles of career-related learning at Key Stage 3.

Objectives:

This aim will be achieved by:

- Working through all features of Launchpad
- Discussing ideas and recommendations with other trainees, and the tutor, about using Launchpad with individual and groups of young people
- Exploring how user information can be managed
- Understanding the free materials available which support Launchpad and how these can help to meet the key principles.
